AAW | AMERICAN ASSOCIATION
OF WOODTURNERS

November Meeting, November 16, 2016 @ 7:00PM

This Month's Agenda:

Welcome by Bob Zrebiec, President Keystone Woodturners

Show and Tell by all.

Bring in what you've turned; tell us about the finish and the challenges you faced in making the item. This is a great opportunity to ask questions of and get answers from some of the best turners in the area.

Demonstration by Harry Pye - turning an ornament

Harry is a long-standing member of **Keystone Woodturners** as well as the **Lehigh Valley Woodturners** and he has demonstrated several times at both club meetings. This year, with the approach of the holidays, he'll demonstrate how to turn a bird house ornament as shown below right. Harry always provides us with an educational and interesting demonstration.
