Need a Gift? Turn and Decorate a Christmas Tree

Christmas Trees are easy to turn and fun to make. These use imbedded pieces of colored pencils for ornaments, and are decorated with paint pens. You can find all of the details [HERE](#) .

Help
Wanted!

AUDIO-VISUAL ---team---

We have not received any feedback from our membership that they want us to continue providing zoom meetings, or any volunteers to help. If the Zooming is important to you or if you want to volunteer, please contact us! We would need to invest in

some additional equipment to continue, but do not want to undergo that expense and effort if our membership does not want us to continue.

We need help! We are seeking folks who are willing to learn the roles around hybrid meetings so that we can have backups for those who've been running all the technical aspects of these hybrid meetings for the last 2 1/2 years. These folks need a break too and it would be nice to have some volunteers step up and be willing to learn so that the regular crew can go on vacations and just breath.

Please reach out to Thomas Scurto-Davis (tscurtodavis@gmail.com) or Mark Hall (mark@seaglass.us) if you can help. Thank You. Thank You Very Much!

We welcome suggestions and items for the newsletter.
If you are scheduled for a show or displaying your work somewhere, let us know so we can add it to the newsletter.
