

Subject: Keystone Newsletter

From: Keystone Woodturners - Jim Kelly <jr_kelly@hotmail.com>

Date: 5/14/2023, 7:43 AM

To: <mark@seaglass.us>

Next Meeting Wednesday May 17 at 7:00.

The May Meeting will live at Joe's. There will not be a Zoom meeting. Proof of Vax is no longer required for In-Person Attendance. Come on out to Joe's and socialize with your Keystone friends!

Show and Tell

This will be a Show and Tell meeting. If you haven't shown your work recently, now is the time! Show us what you've turned recently!

May Demo - Mike Kehs - Platters

Mike Kehs will be at Joe's on Wednesday demonstrating how to make a platter, including techniques and design considerations. Mike is a professional woodturner, and has written many articles for various woodturning publications. He is an excellent teacher, having held classes and demonstrated all over the country, including local and national AAW symposiums. Whether you are new to turning or have been at it for years, you are sure to pick up some good ideas and tips. Put this demo on your calendar!

Next Month - Wood Auction

The annual Keystone wood auction will be held again on June 21st at Dave Souza's house.

Remember, we want to have collaboration pieces (made by two or more collaborating club members) for auction in addition to the wood, so please start planning your collaborative projects now.

Please donate good, rare, beautiful or otherwise desirable wood (in the eyes of other turners) to the cause of helping the club raise money for future demos and events.

Wood Auction Help Needed

Thomas will be out of the country for this year's wood auction and needs one or more club members willing to step up to help facilitate the wood auction, particularly setting up/striking the auction tables, and accepting donations, but **ALSO, IMPORTANTLY**, we need someone to keep track of who bought what at what price so that payment can be collected at the end of the auction. This includes loading the PayPal Here app on ones phone to collect credit card payments.

Up Your Display!!

American Woodworker Magazine has been out of print for years, but in the June 1995 edition, they had an article on how to make a really cool plate stand. If you ever looked past the beauty of Dave Souza's bowls and platters, you will notice that he displays them on a stand like this. Two nice features are that the depth is adjustable, so you can display various depth turnings from a single stand. Also the stand is hinged and folds flat. Dave's version is a little easier to make than the attached plans, as he simply uses a metal hinge instead of the machined wood hinge. Either way it's a fun woodworking project to show off your woodturning. You can find the article and plans [HERE](#)

Mid Atlantic Woodturning Symposium

The Mid Atlantic Woodturning Symposium will be held on September 22rd – 24th in Lancaster, PA.

MAWTS is a three day opportunity to meet and learn from some of the worlds greatest turners.

Demonstrators this year are:

- Eric Lofstrom**
- Neil Turner**
- Kristen Levier**
- Simon Begg**
- Roberto Ferrer**
- Jason Breach**

Registration will be opening in the next 2 weeks. Complete details can be found [HERE](#)

We welcome suggestions and items for the newsletter.
If you are scheduled for a show or displaying your work somewhere, let us know so

we can add it to the newsletter.
